UDC

UDC was founded in 2004 by Sarah Spearing, an international performer and award-winning choreographer.

Her aim was simple: to create something new, fresh, innovative and exciting.

Using her extensive experience and expertise, she created a dance company that could provide the highest possible standards of dance, to the widest audience - without compromising quality.

Today, these ambitious aims have been recognized by a clutch of awards and a growing list of satisfied corporate clients.

So whether it's exhilarating shows for cruise lines, casinos, theatres, hotel groups or corporate events - you really need look no further than UDC.

UNIVERSAL DANCE CREATIONS

It all comes down to the talent. So we decided to raise the bar.

In the dance profession, they say you are only as good as your last performance.

That's why we have scoured the world to find the best performers in their field: dancers from Russia and China, choreographers from Las Vegas and the Moulin Rouge, costume designers, singers and musicians who have worked on major international shows.

We also maintain the same standards for speciality acts such as stilt walkers, fire-eaters, jugglers, greeters, aerial silks and break dancers.

It's all about attention to detail and having the right team behind you.

Through combining the finest talent with our experienced management skills, we can deliver outstanding shows and performances for events of all shapes and sizes.

UDC is dedicated to being the best dance company available. And it's only by raising the bar, that we are able to set ourselves apart.

As our reputation has spread, it has attracted like-minded performers who aren't prepared to put up with second best.

Such is the demand, that we review all our dancers every six months to ensure their skills are up to the mark.

Our team is closely knit and we have a rigorous training schedule which incorporates dance technique, capoeira, yoga, martial arts and meditation.

It's only by working closely together as a team, that we can create a truly cohesive bond that is reflected in the final performance.

If you're looking for a range of spectacular shows – anything goes.

The breadth of talent and depth of experience that's encompassed at UDC, enables us to offer a vast repertoire of shows from the West End and Broadway.

We can help and advise on suitable themes for any event: from the high-energy hits of Fame, to the glamorous showgirls and elaborate routines of 42nd Street.

Or a variety package can be put together, incorporating everyone's favourite hits.

We also have an expanding list of packaged shows, which can be adapted to suit your individual requirements with the minimum amount of notice. So far these include: Anything Goes, Rock Angels, Moulin Rouge, Jazz Kick and Kung Fu Warriors.

But whatever the budget or show you choose, you can be sure of a breath-taking event delivered with passion and style.

UDC. Making the grade in the education sector.

Besides creating dramatic shows for corporate events, we also nurture the next generation of talent in the educational sector and work with Community Projects in disadvantaged areas.

Our teachers cover all aspects of dance, from classical and musical theatre, to break dance and contemporary.

Bringing the arts to life in Universities, Schools and Community Centres is a long term commitment by UDC.

We hold classes for young students, with audition workshops, presentation advice and CV guidance to help land their first job in the profession.

UDC also works closely with Local Authorities on Community Projects: helping get the kids off the streets and learning positive skills - where our Break Dancing classes have proved to be highly popular.
